• Any Audio devices with audio outputs (separate cables not supplied and may be required to connect to all audio devices)

— 1 —

Connect via Bluetooth:

Turn the speaker on by sliding the On/Off switch, a long beep will be heard indicating Bluetooth is now enabled.

Once you have turned the speaker on and it is in Bluetooth mode, search for it on your Bluetooth enabled device.

Once your device has found the speaker it will be listed as "SRT BT1", select it to Pair/Connect the device. Should a Password or PIN be required, the default Password/PIN is "0000" (4 zeros). Once connected you can now enjoy your music wirelessly.

Connect via 3.5mm Stereo Cable:

You can listen to music from computer or other audio devices using the 3.5mm stereo audio cable. To adjust the volume, slide the VOL button on the speaker.

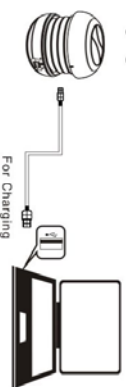

When using the 3.5mm audio cable, the Bluetooth function will be automatically disabled.

Charging:

This device has a built-in rechargeable lithium battery that is charged by the USB cable.

— 2 —

To charge the SRT BT1 simply connect the USB cable to the speaker and to any PC or AC Adaptor with a USB port. (AC Adaptor not supplied). The SRT BT1 obtains fully charged state in 3-4 hours. The LED light will be illuminated in Red when charging and will change to Blue once fully charged. The speaker can still be used while charging.

Closing & Opening:

STEP 1

Hold the top and bottom hemisphere with all fingers of the right and left hands respectively.

Align each hemisphere ensuring fitting arrows are in line with each other.

STEP 2

Press each side of the speaker together

— 3 —

STEP 3
Line up the raised markers as indicated by the fitting arrows.

STEP 4
To close the case, hold the left hemisphere firmly and turn the right half in a clockwise direction as indicated in the fitting diagram. To open, turn the right hemisphere in an anti-clockwise direction as indicated in the fitting diagram.
